I. CORRESPONDENCE:

1. Anders, Email dated 3.31.2021

J. PUBLIC HEARING: None

K. NEW BUSINESS:

1. **Approval of Resolution for County of Grand Traverse to issue Bonds for Springbrook SAD**

John Iacoangeli explained that the proposed resolution authorizes Grand Traverse County to assist by issuing Michigan Transportation Fund bonds, which will make it less expensive to borrow the funds to fund the project. Iacoangeli shared the actual bid has not been received yet.

Motion by Jenema, supported by Scott, to approve *Acme Township R#2021-06, Springbrook Area Subdivision Road Improvement, Special Assessment Project, Township of Acme #6*. Roll call vote. Motion carried unanimously.

2. **Draft Ordinance for Adult Use Marijuana**

The Township Board members reviewed and discussed the proposed draft *Acme Township Adult Use Marijuana Licensing Ordinance*.

Jenema requested clarification regarding the potential ability to stack licenses, with Jocks confirming that stacking is not excluded. Jenema expressed concerns regarding licenses in the Agricultural District. Jocks provided the clarification, citing different classes of licenses. Jenema preferred to allow only Classes A and B in the Agricultural district, especially since they are not stackable.

Dye requested more clarification regarding the different classes of licenses allowable in different districts. Jocks provided comments regarding the purpose of the Licensing Ordinance and explained that the Zoning Ordinance would properly control the allowability of different licenses in different districts.

Jenema, Wolf, and Jocks discussed which agencies have potential oversight of certain aspects of growing, for example regulating hazardous materials. Jocks explained that this type of oversight is typically handled by State of Michigan agencies, and is not generally a function of the Township.

Scott wanted to ensure the police department is willing to assist Acme Township with the enforcement of the ordinance. Jocks explained that there are no criminal aspects to the ordinance, and that the Township's remedy would be to issue a citation or pull the license, as appropriate. Discussion ensued regarding the nature of the term 'police power ordinance', with Jocks providing explanation that the court system would support the ordinance.

Aukerman requested clarity regarding Paragraph 6, item h. Jocks agreed to provide clarity.

Aukerman wondered if language referencing 'statement' could be strengthened by revising it to 'sworn statement', as appropriate, to which Jocks agreed.

Aukerman requested clarity regarding using the term 'Applicant' and 'Applicants'. Jocks, referencing Paragraph 4 (Definitions), provided clarification and will review the definitions and revise language to add clarity.

Aukerman and Jocks discussed ramifications when a violation occurs and how the license holder should handle that. Jocks suggested a licensee could be required to report any violations to Acme Township.

Hoxsie and Jocks discussed the possibility of the Township inspecting applicable properties to ensure compliance and enforcement of the ordinance.

Stevens and Hoxsie discussed what options the Township have when a complaint is filed. Jocks confirmed that Acme Township has ‘right of entry’. He further explained that the State of Michigan and/or local law enforcement could be notified if a violation involves criminal activity; Acme Township could issue a citation or pull the license if the ordinance was violated.

Dye asked if the ordinance would allow or would restrict establishments that are similar to ‘smokehouses’. Jocks provided clarification, referencing Paragraph 4, Definitions; additional clarification was made (by Jocks), referencing Paragraph 5, they are not allowed.

Jocks asked the Board to provide guidance regarding the number of points allowed per Standard listed (reference Paragraph 9a). Jocks inquired if the Board had additional standards they would like to see included. White and other Board members suggested removing the fourth standard (The Applicant expects to create at least five jobs). Jenema suggested the fourth standard could unnecessarily limit smaller establishments. Jocks and Wolf will identify standards from other Adult Use Ordinances, which the Board will review at a future meeting. Aukerman wondered if some individual standards should or could be weighted. Jocks will do some research.

Wolf discussed some of the next steps, including a public hearing at a future Planning Commission meeting. Given the substantial nature of the topic the Township Board decided the Planning Commission should review the proposed draft ordinance before a public hearing is held. Jocks and Wolf will make revisions based on the Board’s feedback and the Board can expect to review the Ordinance at a future meeting.

4. Approval of Ordinance amendment for Planning Commission amendment

White, referencing Memo dated March 25, 2021, regarding the Planning Commission Ordinance Amendment, explained that a motion was approved in 2016 to reduce the number of Planning Commission members from 9 to 7. While the motion was approved, the language was not revised in the Ordinance (Ordinance 3 of 2008).

Wolf summarized research she completed regarding permit fees related to the inspection of Solar Farms. Based on this research, Wolf proposed a \$100 flat fee to cover Acme Township time, plus \$60 per acre where the solar panels are located.

Aukerman wanted to make sure fees did not conflict with existing conditions established by Acme Township that are associated with this project. Wolf assured Aukerman that the fees/fee structure aligns with existing conditions established by Acme Township.

Motion by Jenema, supported by Aukerman, to approve the Acme Township Fee Schedule, as presented, to include the addition of \$60 per acre of development area. Roll call vote. Motion carried with 6 voting yes, and Scott voting no.

The township pays for these passes, as Acme Township does not allow for the burning of brush.

- 9. Supervisor's appointment of a new Planning Commissioner**

White described the application process for applicants interested in filling the Planning Commission vacancy. White recommended Jack Challender to fill this vacancy.

Motion by Jenema, supported by Hoxsie, to approve Jack Challender to fill the Planning Commission vacancy. Roll call vote, motion carried unanimously.

- 10. Approval of Resolution of the Acme Township board to Consent to and Affirm the Acme Township Supervisor's April 6, 2021 Declaration of Local State of Emergency**

White explained the limitations of Acme Township meetings being held physically at the township hall, that social distancing and the number of residences allowed in the township hall being a problem. The Declaration of Local State of Emergency will allow virtual meetings to be held through May 31, 2021.

Motion by Jenema, supported by Hoxsie, to approve *Acme Township R#2021-08, Resolution of the Acme Township Board to Consent to and Affirm the Acme Township Supervisor's April 6, 2021 Declaration of Local State of Emergency.* Roll call vote. Motion carried unanimously.

L. OLD BUSINESS:

1. Update on Scenic Hills SAD

Referencing 2 maps included in the packet, White shared the original intent to delineate by tax ID number. White reports 50% of the responses received are in favor of the SAD, and 50% of the responses received are not in favor of the SAD, with responses due by tomorrow, 03/02/21. White

reported a lack of responses received from the property owners regarding their support/non-support. P. Scott noted that an increase in positive responses is needed to continue with the Scenic Hills SAD. White indicated he would allow emailed responses to be counted in addition to mailed responses. Aukerman recommended extending the deadline, which was supported by multiple Board members. P. Scott expressed some concern for the Board to invest more time and effort into the SAD if the neighborhood doesn't provide responses to support it, which based on the responses received thus far, he believes to be very unlikely. Hoxsie agreed with P. Scott. White proposed allowing responses to be received by March 10th, which was supported by a consensus of the Board members.

Carl Anders requested making a comment regarding the SAD, to which White agreed. Anders described issues in obtaining responses from property owners from the start of this SAD process and repeated his suggestion to modify the method to share costs for the SAD.

PUBLIC COMMENT & OTHER BUSINESS THAT MAY COME BEFORE THE BOARD:

Public Comment opened at 8:09 p.m.

Bill Fahl asked if it was possible to develop a list of people who did not respond and follow up with them, to which White indicated yes.

Brian Kelley indicated he understands why the SAD responses received deadline would be extended, but also stated some people may genuinely not be in support of the SAD. He also noted it may not be a good idea to pursue responses from individuals who have not responded yet.

Public Comment closed at 8:12 p.m.

ADJOURN: Motion by Scott, supported by Hoxsie, to adjourn. Roll call, motion carried unanimously.

Smoke Alarm Drop Off Program

The GTC Resource Recovery Department and the Grand Traverse Metro Fire Department have teamed up to bring GTC residents a Smoke Alarm Drop Off program.

You may now bring your old smoke alarms to either the [Grand Traverse Metro Fire Administration at 897 Parsons Rd. in Traverse City](#) or the [Grand Traverse Metro Fire Station #11 at 3000 Albany Dr. in Traverse City](#) during their normal hours of operation.

The drop off containers are located just inside the main entry doors. It is recommended that smoke alarms be tested monthly, the batteries replaced bi-annually and whole units replaced every 10 years. Batteries can be brought to any of the 9 drop off locations (listed below) around GTC. Please contact the Resource Recovery Department if you have any questions.

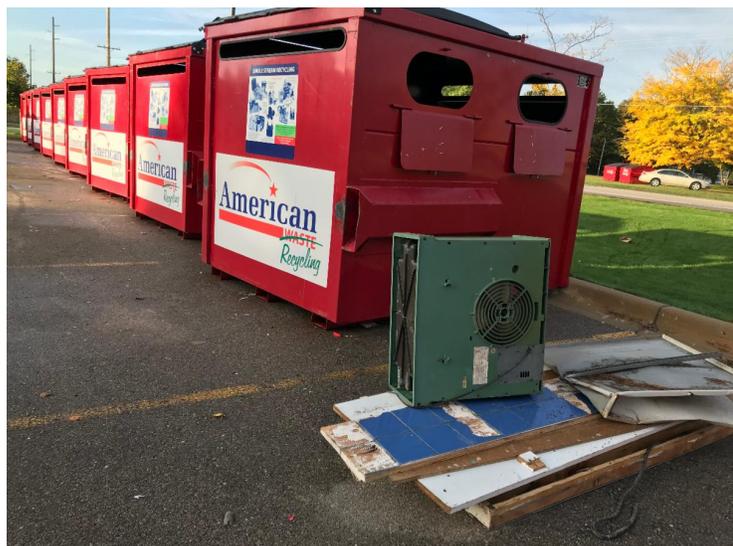

Recycle right or lose it

Illegal dumping at the Recycling Sites in Grand Traverse County will no longer be tolerated. Violators will be prosecuted.

Please spread the word. Items must never be left on the ground. If the sites continue to be misused, not only will the abusers be held accountable but we run the risk of losing these great assets to our community.

TOWNSHIP OF ACME
GRAND TRAVERSE COUNTY, MICHIGAN

ACME TOWNSHIP ADULT USE MARIHUANA LICENSING ORDINANCE
2021-__

An ordinance to establish licensing requirements and penalties for adult use marihuana pursuant to the Michigan Regulation and Taxation of Marihuana Act, Initiated Law 1 of 2018.

TOWNSHIP OF ACME, GRAND TRAVERSE COUNTY, MICHIGAN ORDAINS:

1. **Title.**

This ordinance shall be known and cited as the Acme Township Adult Use Marihuana Licensing Ordinance.

2. **Purpose.**

The purpose of this ordinance is to regulate adult use marihuana establishments in Acme Township pursuant to the Michigan Regulation and Taxation of Marihuana Act, Initiated Law 1 of 2018 (“the Act”) in order to:

- a. Protect the health, safety, and welfare of the general public.
- b. Establish a set of rules and regulations which are fair and equitable for those interested in establishing adult use marihuana establishments in compliance with the Act.
- c. Provide reasonable regulation pursuant to the Township’s general police power granted to townships by the Michigan Constitution of 1963 and the Township Ordinances Act, MCL 41.181*et seq.*

Acme Township does not intend that registration and regulation under this ordinance be construed as a finding that such businesses and activities are legal under federal law. Although some specific uses of marihuana are purported to be exempt from prosecution by the Act, marihuana continues to be classified as a Schedule 1 controlled substance under federal law making it unlawful under federal law to use, manufacture, distribute or dispense, or to possess with intent to manufacture, distribute or dispense. By requiring registration and compliance with requirements as provided in this ordinance, Acme Township intends to protect, to the extent possible, the public health, safety and welfare of the residents of and visitors to Acme Township from harm that may result from the activities of persons who unilaterally or on the advice of their own attorney determine that they may legally operate a business involved in the possession, use, manufacture, distribution or dispensing of marihuana.

Nothing in this ordinance is intended to grant, nor shall it be construed as granting, immunity from criminal prosecution, for use, manufacture, distribution or dispensing of marihuana not in strict compliance with the Act.

This ordinance permits authorization for certain activities based on the Act. Nothing in this ordinance shall be construed as allowing persons to engage in conduct that endangers others or causes a public nuisance, or to allow use, cultivation, growth, possession, or control of marihuana not in strict accordance with the express authorization of the Act and this ordinance; and, nothing in this ordinance shall be construed to undermine or provide immunity from federal law as it may be enforced by the federal or state government relative to the cultivation, distribution, or use of marihuana. Thus, the authorization of activity, and the approval of a license under this ordinance shall not have the effect of superseding or nullifying federal law applicable to the cultivation, use, and possession of marihuana, and all applicants and grantees of licenses are on notice that they may be subject to prosecution and civil penalty, including forfeiture of property.

3. **Legal Basis.**

This ordinance is enacted pursuant to the statutory authority granted by MCL 41.181 *et seq.*, authorizing Acme Township to adopt licensing ordinances and regulations to secure the public health, safety and general welfare.

- ii. Applications for the following year shall be delivered to Acme Township either by hand no later than, or post marked no later than November 14th or the first business day thereafter.

- iii. The Zoning Administrator shall review each Application for completeness and approvability no later than November 21st or the first business day thereafter.
- iv. If the Zoning Administrator determines an application is not complete or approvable he/she shall provide a written communication to the Applicant describing the reasons no later than November 21st or the first business day thereafter.
- v. An Applicant that receives a written communication from the Zoning Administrator because the Applicant's application was not complete or approvable shall have the opportunity to correct its application. Corrected applications shall be delivered to Acme Township either by hand no later than, or post marked no later than December 7th or the first business day thereafter.
- vi. Beginning no later than December 14th, or the first business day thereafter, the Zoning Administrator shall first create five groups of applications, one group for each of the five types of Establishments allowed in Acme Township pursuant to this Ordinance. The Zoning Administrator shall then separate each of the five groups into sub-groups, one sub-group for each of the zoning districts in which the Applicant seeks approval.
- vii. If the Zoning Administrator determines that the number of applications in a sub-group exceed the allowed number of that type of Establishment in a zoning district as provided by the Acme Township Zoning Ordinance then, pursuant to the Act, Acme Township shall utilize a competitive process to select the Applicant(s) best suited to operate in compliance with the Act and this Ordinance by scoring the Applications with the following criteria:

Standard	Points: if the standard is answered yes then Application receives 1 point. If no, then zero points.
The Applicant has experience operating a Medical Marihuana Facility in Acme Township?	
The Applicant has experience operating a Marihuana Establishment in Michigan?	
The Applicant has received no violations or violation warnings for violation of the Act or the Medical Marihuana Facilities Licensing Act from the State of Michigan for any Establishment or Facility it owns or operates in Michigan.	
The Applicant expects to create at least five jobs if approved.	

The Applications with the highest scores shall be awarded a License in order of scoring. In the event of a tie in scoring, the Applications will be entered into a random drawing to be held in public at a time and date set by the Zoning Administrator. Those Applications randomly selected shall be awarded a License.

- viii. If the Zoning Administrator determines that the number of applications in a sub-group do not exceed the allowed number of that type of Establishment in a zoning district as provided by the Acme Township Zoning Ordinance then the Applications shall be approved if they meet the requirements of this Ordinance.
- ix. All Licenses issued under the Initial Licensing Procedure shall be valid through the following calendar year.

10. Amendment to License.

The same procedures for application and issuance of a new License shall apply to amendment of an existing License, subject also to the following:

- a. The Licensee shall submit an amendment application with full supporting documentation, and must meet all requirements, and shall be processed in the same manner as provided for the issuance of a new License.
- b. An amendment to an existing License shall be required when there is a change in any information the Applicant was required to provide in the most recent Application on file.

11. Renewal of License.

The renewal of an existing License shall be by the following procedures:

- b. A Licensee intending to operate in the same manner and degree as approved in its current License may submit a sworn certification that it will continue to operate in the same manner and degree, has a current and valid State Operating License, and that no changes have occurred from its original Application. If the Licensee has not violated its existing License then the renewal application shall be granted.
- c. A Licensee that has violated its existing License in any way shall submit a complete new Application pursuant to the same procedures of application and issuance of a new License.

12. License Revocation.

- a. A License issued under this ordinance shall be revoked for any of the following violations:
 - i. Any person required to be named on the application for License is convicted of or found responsible for a violation of any provision in this ordinance.

 - iii. The Establishment is operated or operating in violation of the specifications of the License, or any additional applicable conditions or approvals from Acme Township, Grand Traverse County, or the State of Michigan.
- b. The procedure for revocation shall be as follows:
- i. The zoning Administrator shall issue a notice to the Licensee, in writing through certified mail, that the Township intends to revoke the License.
 - ii. The Licensee may request a hearing before the Township Board to show cause as to why the License should not be revoked within fourteen (14) days of service of the notice.
 - iii. If a hearing is timely requested, then the Zoning Administrator shall inform the Licensee, and Township Board, of the time and place of the hearing.
 - iv. The Licensee may present evidence and reasons supporting why the License should not be revoked. The Township Board shall review the evidence and reasons presented by the Zoning Administrator and the Licensee, and then shall either revoke the License or allow the License to continue by majority vote.

13. Revocation Not Exclusive Penalty.

Nothing in this ordinance shall be deemed to prohibit Acme Township from imposing other penalties authorized by this ordinance, or other laws, rules and ordinances, including filing a public nuisance action or any other legal action in a court of competent jurisdiction.

14. Civil Infraction.

Any person that violates any of the provisions of this ordinance shall also be deemed responsible for a municipal civil infraction as defined by Michigan statute which shall be punishable by a civil fine for each violation in accordance with the schedule set forth herein, along with costs which may include all expenses, direct or indirect, which Acme Township incurs in connection with the municipal civil infraction. History of LochenHeath Drive 25 March 2021

I am presenting this information as part of a request to vacate and abandon the County road easement and make LochenHeath Drive part of the private Road system of LochenHeath Site Condominiums and LochenHeath Golf Course.

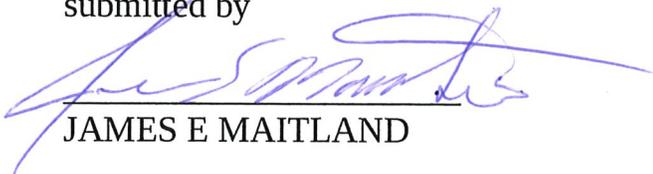

LochenHeath Drive extends approximately 1174 feet from US-31 to the entrance of LochenHeath Golf Club. This road was taken into the County road system on March 7, 1934 and was at that time named Johnson Road which was my grandfather's name. Sometime during the late 50's or early 60's the name was changed to Maitland Road.

In 1999 when LochenHeath Golf Club was developed, we approached the Pulcipher Family who at that time owned the property on both sides of Maitland Road to ask the Grand Traverse Road Commission to vacate their easement and make the road private. The Pulcipher family at that time did not agree to make the road private, but they did support the SUP creating the golf course. During the special use permit process the developers agreed to pave Maitland Road to County standards and change the name to LochenHeath Drive to better identify the entrance to the Golf Club. At this time the developers also entered into an agreement with the County Road Commission to maintain the road as part of the LochenHeath Condominium Association private road system. Since 1999 when the road was paved, LochenHeath has maintained the road and performed all of the snow removal in winter.

At this time the Pulcipher family has now agreed to make LochenHeath Drive a private road to be maintained by the LochenHeath Condominium Association. As part of this process, a request to vacate will be presented to the Grand Traverse Road Commission. All documents have been signed with the Pulcipher family to grant a road easement to allow for ingress and egress and utilities on the existing roadway.

At this time we ask that the Acme Township Board supports this request to the Grand Traverse Road Commission. Thank you for your consideration.

**DECLARATION OF LOCAL STATE OF EMERGENCY
BY ACME TOWNSHIP SUPERVISOR DOUG WHITE**

As Supervisor of Acme Township, Grand Traverse County, Michigan, I declare a local state of emergency for the purpose of allowing public bodies in Acme Township to convene remotely pursuant to Michigan law.

The Michigan Department of Health and Human Services Director Elizabeth Hertel made the following findings on March 19, 2021 in the Director's March 19 Gatherings and Face Mask Order:

“The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. COVID-19 spreads through close human contact, even from individuals who may be asymptomatic.

In recognition of the severe, widespread harm caused by epidemics, the Legislature has granted MDHHS specific authority, dating back a century, to address threats to the public health like those posed by COVID-19. MCL 333.2253(1) provides that:

If the director determines that control of an epidemic is necessary to protect the public health, the director by emergency order may prohibit the gathering of people for any purpose and may establish procedures to be followed during the epidemic to insure continuation of essential public health services and enforcement of health laws. Emergency procedures shall not be limited to this code.

See also *In re Certified Questions from the United States District Court*, Docket No. 161492 (Viviano, J., concurring in part and dissenting in part, at 20) (“[T]he 1919 law passed in the wake of the influenza epidemic and Governor Sleeper's actions is still the law, albeit in slightly modified form.”); *id.* (McCormack, C.J., concurring in part and dissenting in part, at 12). Enforcing Michigan's health laws, including preventing disease, prolonging life, and promoting public health, requires limitations on gatherings and the establishment of procedures to control the spread of COVID-19. This includes limiting the number, location, size, and type of gatherings, and requiring the use of mitigation measures at gatherings as a condition of hosting such gatherings.

On March 10, 2020, MDHHS identified the first two presumptive-positive cases of COVID-19 in Michigan. As of March 18, 2021, Michigan had seen 618,421 confirmed cases and 15,835 confirmed deaths attributable to COVID-19. Michigan was one of the states most heavily impacted by COVID-19 early in the pandemic, with new cases peaking at nearly 2,000 per day in late March. Strict preventative measures and the cooperation of Michiganders drove daily case numbers dramatically down to fewer than 200 confirmed cases per day in mid-

June, greatly reducing the loss of life. Beginning in October, Michigan again experienced an exponential growth in cases. New cases peaked at nearly 10,000 cases per day in mid-November, followed by increases in COVID-19 hospitalizations and deaths.

On November 15, 2020, MDHHS issued an order enacting protections to slow the high and rapidly increasing rate of spread of COVID-19. Cases, hospitalizations, and deaths remained high through early December, threatening hospital and public health capacity. On December 7, 2020, December 18, 2020, and January 13, 2021, MDHHS issued orders sustaining those protections. These orders played a crucial role in slowing the spread in Michigan and had brought new cases down to about 1,500 per day. This decrease in cases prevented Michigan's healthcare system from being overwhelmed with a holiday surge. On January 22, 2021, considering the reduction in cases, MDHHS issued an order permitting indoor dining. And on February 4, 2021, in light of continued decreases in cases of COVID-19 in the state, MDHHS issued an order permitting contact sports to be played.

Cases dropped to under 1,000 per day in mid-February. However, these trends have shifted and cases are once again increasing. The State of Michigan had a seven-day average of 1,825 daily cases on March 11, nearly 90% higher than the number of cases in mid-February. Test positivity has also increased 86% since the mid-February trough. The statewide positivity was 6.5% as of March 16. While metrics remain below all-time highs, progress has stalled and epidemiologists are concerned that this portends another spike with the presence of more infectious variants in Michigan and the United States. A high number of cases creates significant pressure on our emergency and hospital systems. Improvements in healthcare capacity have reversed and hospitalizations are once again increasing. An average of 168 daily hospital admissions was seen in Michigan in the past week, with individuals under the age of 60 accounting for nearly 50% of all new admissions. As of March 17, 1,226 Michiganders were hospitalized with COVID-19, and 5.0% of all available inpatient beds were occupied by patients who had COVID-19. During this time, the state death rate was 1.3 deaths per million people and there were approximately 95 weekly deaths in Michigan attributable to COVID-19. This is a 90% decrease from the second peak, which reached 13.7 deaths per million on December 10, 2020. However, deaths trends have historically lagged four to six weeks following trend shifts in cases and hospitalizations.

Even where COVID-19 does not result in death, and where Michigan's emergency and hospital systems are not heavily burdened, the disease can cause great harm. Recent estimates suggest that one in ten persons who suffer from COVID-19 will experience long-term symptoms, referred to as "long COVID." These symptoms, including fatigue, shortness of breath, joint pain, depression, and headache, can be disabling. They can last for months, and in some cases, arise unexpectedly in patients with few or no symptoms of COVID-19 at the time of diagnosis. COVID-

19 has also been shown to damage the heart and kidneys. Furthermore, minority groups in Michigan have experienced a higher proportion of "long COVID." The best way to prevent these complications is to prevent transmission of COVID-19.

Since December 11, 2020, the Food and Drug Administration has granted emergency use authorization to three vaccines to prevent COVID-19, providing a path to end the pandemic. Michigan is now partaking in the largest mass vaccination effort in modern history and is presently working toward vaccinating at least 70% of Michigan residents 16 years of age and older as quickly as possible.

New and unexpected challenges continue to arise: in early December 2020, a variant of COVID-19 known as B.1.1.7 was detected in the United Kingdom. This variant is roughly 50 to 70 percent more infectious than the more common strain. On January 16, 2021, this variant was detected in Michigan. It is anticipated that the variant, if it becomes widespread in the state, will significantly increase the rate of new cases. Currently, Michigan is second in the nation with respect to the number of B.1.1.7 variants detected. To date, there are over 600 cases in Michigan. CDC modeling predicts B.1.1.7 could become the predominant variant by the end of March. At present, however, it appears that cases have plateaued. And on March 8, 2021, the first case of variant B.1.351 was detected in Michigan. A recent study suggests that B.1.351 may impair vaccine efficacy.

In the past four weeks, spread of COVID-19 has risen 105% amongst persons aged 10-19. As of March 11, local health departments had reported 162 new and ongoing outbreaks among K-12 schools, with 54 of those outbreaks reported in the week prior. Additionally, there are 135 identified outbreaks among minors participating in school and club sports. The social activities surrounding sports, such as team meals and parties, may be a major factor in this spread. To promote the continued safe operation of in-person schools, additional mitigation measures related to youth sports activities are warranted.”

The Michigan Department of Health and Human Services Director Elizabeth Hertel made the following findings on March 31, 2021 in the Director’s March 31 - Gatherings and Face Mask Order Amendment:

“On December 22, 2020, Governor Whitmer signed into law Public Act 254, which amended the Open Meetings Act to, among other things, permit meetings of public bodies to be held electronically by telephonic or video conferencing for any reason through March 31, 2021. Beginning on that date, meetings of public bodies can be held remotely only in certain circumstances, including where a state of emergency or state of disaster is declared. In recognition of the ongoing COVID-19 pandemic, many counties and other local units of government have declared a local state of emergency. Nevertheless, some local units of government have not done so. For units of government that have not declared a disaster or

state of emergency, meeting in-person may now be the only lawful option to conduct the public's business in accordance with the Open Meetings Act.

On March 19, 2021, I issued an order entitled Emergency Order under MCL 333.2253 - Gatherings and Face Mask Order. The order limits the size of gatherings, including meetings under the Open Meetings Act. If the March 19, 2021, order is not amended to accommodate in-person meetings of public bodies, the public's ability to participate in meetings of public bodies may be curtailed.”

The Michigan Department of Health and Human Services Director Elizabeth Hertel’s March 31 - Gatherings and Face Mask Order Amendment excepted “Gatherings of public bodies and attendees of meetings held by public bodies in compliance with the Open Meetings Act, MCL 15.261 *et seq*” from the capacity limitations of 25 persons that would otherwise apply to Acme Township public bodies.

However, Director Hertel’s March 19 Gatherings and Face Mask Order still requires that Acme Township “design the gathering to encourage and maintain physical distancing, and must ensure that persons not part of the same group maintain 6 feet of distance from one another to the extent possible.”

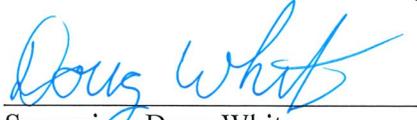

The Acme Township Hall is not of sufficient size to maintain distancing and ensure 6 feet of distance for persons not of the same group.

The Open Meetings Act, MCL 15.261 *et seq* provides that a municipality’s public bodies may hold remote electronic meetings due to a local state of emergency declared by a local official because of the risk to the personal health and safety of members of the public or the public body if the meetings were held in person.

Based on the above, I declare that convening meetings of Acme Township public bodies would risk the personal health or safety of members of the public or the public body if the meetings were held in person. I make this declaration because of the presence of the novel COVID-19, a severe respiratory disease. COVID-19 has been announced by public health experts as being particularly severe for those with certain medical conditions. There are members of Acme Township public bodies, Acme Township staff, and members of the public that do or may have medical conditions, or that have members of their families with medical conditions, that make COVID-19 particularly severe.

Pursuant to the authority provided a township supervisor under the Emergency Management Act, MCL 30.401 *et seq*, I appoint the Grand Traverse County Emergency Management Coordinator as the Acme Township Emergency Management Coordinator. Pursuant to the same authority, I further declare this local state of emergency as of April 6, 2021 and continuing through May 31, 2021. I request that the Acme Township Board of Trustees consent to and affirm this local state of emergency through May 31, 2021.
