#### E. **REPORTS**

- **a.** Clerk: Dye reported a mailing went out May 1 to register voters asking if they would like to be placed on the absentee voter application list with a return response form. This will help reduce the volume of attendees in the township hall during the elections. The cemetery is now open and there have been four burials.
- b. Parks: Zollinger reported the Grand Opening Ceremony for Bayside Park will be held Saturday, May 18, 2019 from 12:30 – 1:30 pm. Working with the DNR to closed out the Park project, the last item is to approved is the draft for the park's sign. The well pump at Sayler Park went bad and had to be replaced.

He asked for the board's approval to order and pay for sway benches to be placed in Bayside Park that has been submitted from the Parks & Trails committee. There is a donator for the benches leaving the township to pay for any remaining costs after the donation.

Motion by Dye to approve the purchase from GameTime for the sway benches for \$5,765.58, supported by Scott. Roll call carried unanimously.

- c. Legal Counsel J. Jocks: No report
- d. Sheriff: Deputy Nate Lentz reported the nice weather has increased traffic and car break-ins.
- e. County: G. LaPointe informed the pension liability is still on the forefront with the commissioners. The jail is another focus looking at alternative options for those who are dealing with sobriety instead of placing them in jail. Checking-in to programs that test for drugs and alcohol to address these issues would lower costs instead of housing them in jail. The tree cutting at the airport was a big concern from the community. The airport commission has the right to do whatever is an aeronautical benefit for them.

#### ADJOURN: Meeting adjourned at 9:46 pm

Carty Dy-Acme Two Clerk.

Dear Acme Trustee:

I sat in the audience with great pride when the Planning Commission and, then, when the Board of Trustees unanimously passed the Native Landscaping Amendment. The Native Landscaping Amendment requires new Multi-Family and Commercial to exclusively utilize native plants, shrubs, and trees. This Amendment has worked well and has made Acme Township a leader in being environmentally conscience.

So, I was surprised and greatly disturbed when Acme Township did not conform to this Amendment when installing the landscaping at N. Bayside Park, which is the center piece of our Township. Immediately after the landscaping was installed, I brought it to the attention of the Board. My recollection was Jay said it was too late in the season to make any changes and it would be reviewed in the spring.

I obtained the planting list and the landscape plan from Shawn this morning, even though I had requested it last August. I researched the Plant Schedule and found the following:

Deciduous Trees - All six species are native

Deciduous Shrubs - Four of five species are native

Evergreen Shrubs & Trees – Four of six species are native

Perennials - Plants & Grasses - Two of four species are native

So, the majority of the plantings are native. Which, means that correcting this problem is not an over-whelming/ start-over proposition, but, a doable correction. If needed, I will pay for this correction.

Sincerely,

J(m) Heffner 4050 Bayberry lane Williamsburg, MI 49690

Note: I tried to ground truth the Landscape Plan and found some species eliminated and quantities reduced.

To: Acme Township Trustees From: Brian Kelley

Date: Tuesday May 14, 2019

Good evening,

I have spoken with you before about bringing video of our township meetings to the web and TV. As you know the majority of respondents in the recent Acme Community Survey supported that effort.

I have been in contact with the local non-profit, Government TV, regarding how they partner with local governments to make meeting community television available on cable and the web.

The service is funded by cable PEG fees and franchise fees that are added to every cable bill, and which are paid to local government. "PEG" fee stands for Public, Education and Government channels.

The other local participating jurisdictions - Elmwood, Garfield, East Bay and Traverse City - have all signed the same contract. They pay the same fixed percentage of PEG and Franchise fees for the service. So it is similar to Metro Fire funding, but a bit more simple and direct. I am curious how those fees are currently spent by the township.

Many community members have expressed that they cannot attend meetings due to physical issues. Whether due to bad backs, bad hearing or other issues. We recently had a community member express, for the second time, that she is unable to hear at meetings and it is the reason she has stopped attending.

When I tell people how this non-profit works, and how it is funded with fees they already pay, the support for Acme participating is overwhelming.

How can we make this happen in Acme?

Thank you, Brian Kelley

**a.** Clerk: Dye reported Cristy Danca has earned her Certification for the Michigan Municipal Clerk, which expanded over three years to achieve. Dye researched the bank's service charges for check fraud protection called Positive Pay to see if it was using up the credit interest on the township's account. She passed out informational brochures from League of Women Voters for Grand Traverse Area that provided contact information for all levels of government representatives.

At the end of June there will be new rates for home owner insurance. He said owners can get the rate down if you live within five miles of a fire station or have a fire hydrant within 1000 feet of your home. He encouraged people to call their insurance company to check. Grants were received from the tribe to use for rescue equipment. They received twenty-two ballistic vests for protection in case needed during dangerous incidents that required a firefighter to be at the scene to control bleeding of a victim. Four more full time employees have been added to their staff. 70% of calls they receive are medical with an average of them coming in from 6:00 am to 10:00 pm. 12% of the calls are from Acme Township. Other services Metro provides are child safety seat instruction, training to businesses on the use of fire extinguishers, educating people on home cooking fires and installing updated fire alarms.

Looking at the operating costs for the jail, there needs to be a more efficient way to handle those with offensives related to drugs and alcohol. An alternative would be counseling and sobriety reporting instead of jail time. The airport is getting concerns from the public on the tree cuttings. The FAA has sited the airport to get rid of the trees for safety issues with birds and animals. They have no choice, if they don't comply federal funding could be pulled from the airport.

6. Preliminary 2019-2020 Budget Discussion

Zollinger stated he has started the budget. The revenue is lower in the new budget estimated \$5,000 and expenditures are up. The budget revenue that is down is not the money that is from taxes or shared revenue, it is from other things like grants. Taxable income for the township along with Metro in the latest assessment that is sent in to county equalization, has increased as well as revenue share. Funds from liquor license fees have gone up by 10%, this revenue goes to the police fund.

It was discussed to put in the budget \$32,000 for a part-time Zoning position. The census was to add it to the budget since there is a need to have assistance to work on future projects and it will be there if needed. Zollinger will update the budget and give to the board to review once he has completed it.

#### 8. MTA Resolution Option for Nonpartisan Township Offices

Dye explained Michigan Township Association sent an email to find out if township boards are in support of making nonpartisan township offices an option to townships. This topic is for future legislature. Zollinger said they are asking the board members to support or oppose this position of having nonpartisan elections of township candidates.

The board felt undecided and did not want to make a motion to vote since it is not mandated.

#### L. OLD BUSINESS:

#### 1. Status of Metro Fire Negotiations

Zollinger informed there is a study session on April 9<sup>th</sup> in the afternoon. Most of the discussed items have been resolved. There is a funding issue still to be worked out that is based on the assessor's report to equalization that comes out in April. The other way is after everything is settled for the fiscal year and fund the authority based on the settlement report twelve months later. They are looking at how the taxes go and percentage changes. The affirming voting agreement is near being resolving and issues regarding station leases have been resolved.

Dr. Angie Keas has a chiropractic care on 4472 Mt. Hope Rd, and said her office has poor visibility and difficult for people to find. She would like to be able to place a sign on M-72 and asked were she should begin to see if this could be discussed. #### H. PUBLIC HEARINGS: None

#### I. OLD BUSINESS:

#### 1. Master Plan Update

Winter informed the Board passed a resolution at their last meeting to approve sending the draft Acme Township Community Master Plan for the mandatory 63-day public review. Beckett & Raeder has distributed the notice to the required agency and municipalities informing them of the review period and the public hearing date on June 10, 2019. The draft copy is available on the township website for review and a paper copy is available at the town hall as well. Public comments will be compiled along with a staff report and presented for the June 10<sup>th</sup> public hearing. At the close of the hearing the Planning Commission may choose to adopt the plan.

He asked to have a discussion with the Planning Commission of the possibility of editing the future land use map to change the category from "Agriculture" to "Resort Residential". He has had numerous conversations with a property owner regarding his farm operation on the west side of US-31. His intent for now is to continue farming the land, however, development pressure along the west side of US-31 is making the use increasingly difficult. In addition, the planned Traverse City to Charlevoix Trail will be running through his property creating another barrier to farming the existing orchard. The property is surrounded on three sides with Resort Residential on the current map, occupied by LochenHeath. Editing the map would make the entirety of the west side of US-31 Resort Residential along this portion of the corridor, providing a consistent set of land development options for the all the property owners. The description of the Resort Residential still prescribes lower density development than would be allowed under "Commercial" and would allow the property owner flexibility as previously approved developments around his property materialize. Under the current zoning the property owner will be allowed to continue farming as he has, while also allowing more flexibility in utilizing development options consistent with its rural setting, such as agritourism.

Census of the Planning Commission was to support the editing on the future land map to change the category from Agriculture to Resort Residential. The change will go to Beckett & Raeder to revise in the Master Plan draft.

#### J. NEW BUSINESS:

1. SUP 2019-02 – Nature's ReLeaf Medical Marihuana Provisioning Center (PZR 2019-06) An application has been submitted by Brian Chouinard with Natures' Releaf, for a medical marihuana provisioning center at the existing structure at 4144 M-72 E. This is a use allowed by right in the C: Corridor Commercial district with a medical marihuana license. No exterior work is proposed under the application at this time. The applicant has received a medical marihuana license from the Township for a provisioning center. Since the Applicant is currently not proposing any changes or improvements to the site, there is no requirement to bring the outstanding items into compliance. This is simply a change of use that per the Zoning Ordinance is required to come before the Planning Commission for review. They will be adding an enclosure dumpster with all four sides screened to a height of six feet with cedar or pressure-treated lumber and shall include native, non-invasive shrubs every five lineal feet.

Motion by Timmins to approve Site Plan Review application SPR 2019-03, submitted by Nature's ReLeaf to occupy and operate an approximately 3,600 square foot licensed medical marihuana center in the existing retail establishment located at 4144 E M-72, Williamsburg, MI 49690, with the following conditions of a dumpster enclosure with all four sides screened to a height of six feet with cedar or pressure-treated lumber and shall include native, non-invasive shrubs every five lineal feet, supported by Feringa. Motion carried unanimously.

#### 2. Zoning Ordinance Amendment 050 – Planned Development Transfer of Development Rights

Winter informed the purpose of this amendment is to address the density transfer issue that has been discussed. As an option to eliminate the sending zone-to-sending zone density transfer. The

## **DRAFT UNAPPROVED**

referenced application was found not be consistent with the application and to not be consistent with the future land use map. It was discussed at length whether a sending zone-to-sending zone transfer is consistent with the intent and purpose of the planned development article. Although eliminating the sending zone-to-sending zone transfer option, the draft amendment still maintains the option of a receiving zone-to-receiving zone transfer for consideration. He began the amendment process with making changes in grammatical errors, spelling mistakes and providing clarity to the amendment procedures. The commissioners discussed the changes and gave their edits.

Motion by Timmins to set a public hearing for May 13, 2019 to consider recommending approval of Zoning Ordinance Amendment 050 – Planned Development Transfer of Development Rights with amended changes recommended by the Planning Commission, supported by Balentine. Motion carried unanimously.

Mr. Brad Kluczynski GTCRC Manager Subject: Shore beach Road

5/7/2019

Acme Township has meet with the GTCRC Engineer Jim Johnson in 2018 and currently Wayne Schoonover to discuss having GTCRC turn over the ownership of Shores beach Lane to Acme township. This road Is in the county inventory but has not been maintained or plowed for many years. It is very narrow, and an inadequate turn around exist at the road end, so large plow trucks have no room to turn around. The Grand Traverse Resort has done some maintenance and snow removal on this road, because they have a building at the end of the road they check for Security reasons weekly.

Acme Township is interested in this road since our Bayside Park exit for left turns onto US 31 North takes cars out to the light at Shores Beach Lane and US 31 north. This was a MDOT requirement when we improver our entrance to the new improved parking area.

Please start whatever process and paper work required to turn this over to Acme Township if your board approves this request. We are working with the Tribe and BIA to see if we can obtain funds to improve the pavement surface of this road. We do have the Grand Traverse resort still willing to do snow removal on this road section.

Acme's Board is interested in this transfer and waits to sign required paper work to make this happen.

Jay B. Zollinger Acme Township Supervisor 231-938-1350

Re: Medical Marihuana Facility Fees

When the Acme Township Medical Marihuana Licensing Ordinance (2017-02) was adopted, we had to make our best estimate as to the amount of time necessary to administer the program and set the fees accordingly. After the first year and half of the program is has become apparent the amount of work required by both staff and counsel was greatly underestimated. As such the following revisions to the Acme Township Fee Schedule is being introduced for your consideration:

#### **Existing Fees**

Medical Marihuana Facility – \$500 Medical Marihuana Facility Renewal – \$250

#### **Proposed Fees**

Medical Marihuana Facility – \$1,500 Medical Marihuana Facility Renewal or Amendment – \$500

The Ordinance states that any amendment to an existing license shall follow the same procedures as a new license application, including the submission of a complete application and all supporting documents. With the current fee schedule, this means paying the same fee as a new application, when typically less work is required. Therefore, the above proposal specifically lists amendments on the same line as renewals, making the fee more in line with the amount of work required.

#### Suggested motion for consideration:

Motion to amend to the Acme Township Fee Schedule to set the fee for a new medical marihuana facility license application at \$1,500 and a medical marihuana facility license renewal or amendment at \$500.
