ROLL CALL:

Committee:

x	Kushman	excused	Timmins	x	Wentzloff
x	Lamott	x	Wolf		
x	Donn				

**Advisory:
Staff:**

A. PUBLIC COMMENT: Opened at 4:05 pm

Brian Kelley, Acme resident, voiced his concern with the playground equipment quote had the removal of trees to fit it in. He asked to consider not to remove any of the trees. Because of COVID-19, there should be a sign in the restrooms telling people not to fill up their water bottles from the faucets.

B. APPROVAL OF AGENDA: Motion by Wentzloff to approve the agenda as presented with the addition to G. New Business, 3. Takayama rock placement, seconded by Heffner. Motion carries.

C. INQUIRY AS TO CONFLICTS OF INTEREST: None

D. CORRESPONDENCE:

1. MI Rec Grants

Jenema informed the grant is currently on hold.

E. ACTION:

1. Approve Draft Parks & Trails Minutes 11.18.19

Motion by Wentzloff to approve the minutes of 11.18.19 as presented, seconded by Heflin. Motion carries.

Wentzloff stated there has been bike accidents causing injuries by the railroad tracks on the TART trail. The bikes are getting caught in the tracks. Kushman said they will be putting in a barrier to detour the bikes around it.

F. OLD BUSINESS:

1. Bayside Playground Expansion

Wentzloff informed the quote that was received for the playground equipment was different than what was discussed when she and Heffner met with Rich Sinclair. They told him of the equipment they were interested in and the color theme. The pieces Rich purposed were not included in the quote and the colors were too bright.

Heffner stated he was disappointed with the quote. In the diagram they put the equipment amongst the trees and the price was much higher than they were told. They do not want to remove any of the trees in the park.

Heffner informed Cathy Dye was contacted by a lady who had interest in donating to the equipment. Before reaching out to her, they need to come up with what is needed first.

Wentzloff said they need to research other playground equipment companies and find out if LSI, the company they purchased the climber from, has connecting pieces. Wolf stated she has tried three times to get with someone from there with no success.

Heffner stated they needed to look at ADA/ABA accessibility since people stay on the sidewalk and don't go to the garden area. He sees signage as one of the first important tasks to get done.

Jenema informed him they are working on it.

Wentzloff felt they should have a master plan for the playground with a layout design instead of piecing it together. She, Heffner, and Wolf will reconvene to discuss a plan. They will also research other companies.

2. Parks Ordinance: Bayside Restrictions (no action)

Wolf commented on the Art Show inquiry that had been received for Bayside Park. There is nothing in the park ordinance that says what could or couldn't be done in the park with these types of events. A special rule needs to be added to cover this. She would like to bring this topic back for further discussion.

G. NEW BUSINESS:

1. TART Update.

Kushman informed the Michigan Natural Resource Trust Fund was received. Before the COVID-19 there was a meeting for input from the township, MDOT and property owners who were in attendance. Beckett & Raeder has 75% completion of the engineering design. There needs to be a joint meeting with the board and parks & trails committee to discuss the connector trail. Beckett & Raeder should have the engineering completed by fall with a start to the trail next spring to early summer. The road commission is on board for them to permit. The M-72, Mt. Hope & 31 segment might not be replaced if there is not funding in the budget.

Wolf stated the site plan review for the KOTI development was approved and an easement was put in place as they start. The trail location might shift during construction.

Jenema said they are looking for larger space for the joint meeting to allow for distancing. Feast of Victory Church will rent out space that could hold the meeting for \$75.

2. Bayside Swing Benches: wear & tear

Lamott informed the swings need to have the ground under them filled in with wood chips or some other material. He will get pricing on outdoor rubber mats to place under the swings, since wood chips are not cost effected and could get into the bay.

3. Takayama rock placement

Wolf said they need to determine an appropriate spot to place the Takayama memorial rock. The committee agreed to put it by the wet garden area at the end that faces the street.

H. PUBLIC COMMENT: None

ADJOURN: Motion by Wentzloff to adjourn, seconded by Heffner. Meeting adjourned at 4:59 pm

A. PUBLIC COMMENT: Opened at 4:00 pm

Brian Kelley, Acme resident, thanked Ryan Lamott for all the work he has done on the parks.

B. APPROVAL OF AGENDA: Motion by Timmins to approve the agenda as presented with the addition to F. Old Business, 4. TART Trail Stakeholders Meeting, seconded by Wentzloff. Motion carries.

C. INQUIRY AS TO CONFLICTS OF INTEREST: None

D. CORRESPONDENCE: None

E. ACTION:

1. Approve Draft Parks & Trails Minutes 10.21.19

Motion by Timmins to approve the minutes of 10.21.19 as presented, seconded by Heflin. Motion carries.

F. OLD BUSINESS:

1. Art In The Park-Locations & Committee Updates

Jenema reported she went online and found a list of objectives for establishing a plan on displaying works of art in the township. She modified the list to fit the needs and added Smith's steps to have the committee review for a discussion at next month's meeting. The committee needs to look at the project goals for a recommendation to the board for the ordinance and be in the park's master plan.

2. Bayside Bottle Filler Quotes (Lamott)

Lamott presented a proposal from Sheren Plumbing on just installing a water bottle filler in the park. The quote sent was for adding a bottle filler to the existing drinking fountain. The committee agreed the old drinking fountain needs to be replaced and would like to see if they could get donations for a new one. Lamott is waiting for information from Sheren on the additional cost.

3. Bayside Playground Expansion

Wentzloff and Heffner went to the Traverse City Civic Center to look at the playground equipment and are working on a list of items they felt would be good to have for Bayside Park. Wentzloff looked through the LSI brochure on playground equipment and suggested telling them what is wanted and have them create a design for the park. She would like to see what equipment kids are playing on and like the most. The committee would like to see what can be attached to the already existing net climber and have pieces for all ages. Other things to consider are items for the handicap and disabled. The equipment needs to have a natural look, not constrict the view of the bay and to be placed with a concentration on the south end of the park.

Heffner brought up the old playground equipment and the committee all agreed it needs to remain. He and Wentzloff will keep working on researching the project with considerations of equipment for all ages.

Jenema said she would look up the contact for LSI to give them a copy of the site plan of the park to see what they would recommend on the equipment. The committee will need to work on donations for the project.

4. TART Trail Stakeholders Meeting

Wolf informed there is a Stakeholders meeting on the TART trail 75% completion, Tuesday, November 26 at noon in the township hall.

Jenema stated the primarily scoring for the \$300,000 grant came back and it was 335 points which is the highest that the township could receive. She went over the current grants that have been applied for to cover the costs of the TART Trail, \$300,000 DNR Grant, \$300,000 Iron Bell, \$75,000 from the Township, donation from the Cycling Club and TART will be working on the rest needed. They should know in December if the DNR grant will be awarded.

G. NEW BUSINESS:

1. Health Department of Northwest Michigan Grant RFP

Wolf stated she received a letter from the Health Department of Northwest Michigan to submit a proposal for a grant up to \$10,000 through the Building Healthy Spaces Greenspace Improvement Project funding. The funding is to encourage physical activity in the township but can't be used for playground equipment. It can be utilized for signs in the park and other projects. The Health Department has a Come out and Play or Walk Michigan program that they will help implement. Someone representing the township would need to take part in the program. In the RFP to apply they must include what type of program would be made available by the township and if any other grants may be obtained.

Wentzloff said signage is hard to get donated and the funding from the grant would be good for covering those costs.

Jenema said a motion would be needed to have the board approve for submittal of the application for the grant.

Wolf explained depending on costs, the grant could be used for more than one project and with the application a sheet of line items needed will be sent. The deadline date to send the letter of intent for the grant, is Decembers 13 after next month's board meeting.

Motion by Wentzoff recommending to the board to support the application for the Health Department of Northwest Michigan grant for signage and other infrastructures at Bayside Park, seconded by Heflin. Motion carries.

E. ACTION:

1. Approve Draft Parks & Trails Minutes 10.21.19

Motion by Timmins to approve the minutes of 10.21.19 as presented, seconded by Heflin. Motion carries.

F. OLD BUSINESS:

1. Art In The Park-Locations & Committee Updates

Jenema reported she went online and found a list of objectives for establishing a plan on displaying works of art in the township. She modified the list to fit the needs and added Smith's steps to have the committee review for a discussion at next month's meeting. The committee needs to look at the project goals for a recommendation to the board for the ordinance and be in the park's master plan.

2. Bayside Bottle Filler Quotes (Lamott)

Lamott presented a proposal from Sheren Plumbing on just installing a water bottle filler in the park. The quote sent was for adding a bottle filler to the existing drinking fountain. The committee agreed the old drinking fountain needs to be replaced and would like to see if they could get donations for a new one. Lamott is waiting for information from Sheren on the additional cost.

3. Bayside Playground Expansion

Wentzloff and Heffner went to the Traverse City Civic Center to look at the playground equipment and are working on a list of items they felt would be good to have for Bayside Park. Wentzloff looked through the LSI brochure on playground equipment and suggested telling them what is wanted and have them create a design for the park. She would like to see what equipment kids are playing on and like the most. The committee would like to see what can be attached to the already existing net climber and have pieces for all ages. Other things to consider are items for the handicap and disabled. The equipment needs to have a natural look, not constrict the view of the bay and to be placed with a concentration on the south end of the park.

Heffner brought up the old playground equipment and the committee all agreed it needs to remain. He and Wentzloff will keep working on researching the project with considerations of equipment for all ages.

Jenema said she would look up the contact for LSI to give them a copy of the site plan of the park to see what they would recommend on the equipment. The committee will need to work on donations for the project.

4. TART Trail Stakeholders Meeting

Wolf informed there is a Stakeholders meeting on the TART trail 75% completion, Tuesday, November 26 at noon in the township hall.

Jenema stated the primarily scoring for the \$300,000 grant came back and it was 335 points which is the highest that the township could receive. She went over the current grants that have been applied for to cover the costs of the TART Trail, \$300,000 DNR Grant, \$300,000 Iron Bell, \$75,000 from the Township, donation from the Cycling Club and TART will be working on the rest needed. They should know in December if the DNR grant will be awarded.

G. NEW BUSINESS:

1. Health Department of Northwest Michigan Grant RFP

Wolf stated she received a letter from the Health Department of Northwest Michigan to submit a proposal for a grant up to \$10,000 through the Building Healthy Spaces Greenspace Improvement Project funding. The funding is to encourage physical activity in the township but can't be used for playground equipment. It can be utilized for signs in the park and other projects. The Health Department has a Come out and Play or Walk Michigan program that they will help implement. Someone representing the township would need to take part in the program. In the RFP to apply they must include what type of program would be made available by the township and if any other grants may be obtained.

Wentzloff said signage is hard to get donated and the funding from the grant would be good for covering those costs.

Jenema said a motion would be needed to have the board approve for submittal of the application for the grant.

Wolf explained depending on costs, the grant could be used for more than one project and with the application a sheet of line items needed will be sent. The deadline date to send the letter of intent for the grant, is Decembers 13 after next month's board meeting.

Motion by Wentzoff recommending to the board to support the application for the Health Department of Northwest Michigan grant for signage and other infrastructures at Bayside Park, seconded by Heflin. Motion carries.

H. PUBLIC COMMENT: None
