The grant writer will be paid for by the Traverse City-Charlevoix Trail and at no cost to Acme Township. Jenema wants approval from the board to proceed with getting the grant writer and applying for the grant.

Motion by Zollinger to approve applying for the DNR Trust Fund Grant and getting the grant writer, supported by Jenema. Motion carried unanimously.

L. OLD BUSINESS:

1. Acme Sewer rate review

Darren Graham and Tim Korson with Gosling Czubak presented the Acme Township sewer rate analysis. The fund balance for January 2019 is \$1,705,323 with a current estimated annual revenue of \$886,788. Korson gave estimated quotes of possible future costs for pump improvements for short and long term. He recommended to revisit the analysis annually.

2. Approval of Dan Kelly PD 2016-01 extension

Dan Kelly explained he is working on the final approval by MDOT on a traffic impact study that recommends a right eastbound right turn along M-72. The road improvements will need to be implemented first with the construction to begin this fall anticipating a completion date of spring 2020.

Motion by Nelson to extend the deadline to submit final site plans for Dan Kelly's Koti Planned Development, permit number PD 2016-01, with the Township by one year with a new deadline of April 17, 2020, supported by Scott. Motion carried unanimously.

3. Acme Townhall proposed office rearrangements cost data.

Zollinger explained there is no obligation or requirement when getting a bid for construction including the proposed township hall rearrangements to be published in the Traverse City Record Eagle.

Three bids were received for the construction on the office rearrangements of the townhall. Grand Traverse Construction came in at the lower end at \$160,677 and would be the first choice. The renovation would improve the crowded areas that currently employees share, storage, restrooms to ADA compliance and update improvements needed. An estimated \$5,000 would be needed to move all the IT to new locations and in office space. The board needs to look at the funding in order to move forward with the project. Zollinger said there is \$30,000 that was held for use on the building and funds in the septage plant fund that is money the board set aside for septage plant for a loan to the county, and they paid back. It is a separate fund from the Sewer Fund and is money that could be used for the project.

Zollinger suggested to write a resolution and have a special board meeting for approval.

Jenema stated the current conditions of the townhall is not conducive for the employees and has been put on hold for years. To build a new townhall would be very costly and this would be a less expensive option.

Brian Kelley voiced his concerns on an update from a July 2015 letter regarding the Traverse Bay RV Park (Submitted written comments to be added to packet)

Zollinger explained Charter Communications has sold a part of their franchise and sent the amendment agreement to show the new name. There is no change with the existing service.

J. PUBLIC HEARING: Acme Township Parks and Recreation Update of Parks Five-year Plan

Winter informed the Parks & Trails Committee worked with Carrie Klingelsmith, Project Manager with Beckett & Raeder, on a new five-year parks and recreation plan. The process included a public input survey, reviewing the past plan, identifying projects the Committee worked on over the last few years, and creating new goals and objectives. The Committee reviewed and edited a draft for a mandatory 30-day public comment period between December 1-31. There was a final discussion at the last meeting, for additional edits to have Carrie incorporate them into the draft for the board meeting. Winter pointed out some of the highlights in the plan on population density areas, age groups living in the township and survey results.

Public Hearing opened at 7:31 pm with 13 attendees present

Brian Kelley questioned the percentage used for those in favor of the public art installations was not the amount as earlier stated in the survey. (Submitted document for packet)

Public Hearing closed at 7:35 pm

Aukerman submitted additional edits and the board agreed to add them to the plan.

Winter addressed the public comment concerns on the Bayside park plan. He said the concrete building and parking lot was put in the Phase III as a future reference. There is no funding or plan to finalized Phase III at this time. Moving forward with it will depended on how the park is utilized. They were included in the 2015 conceptional design plan for the DNR Trust Fund Grant. If it does get to the point where developing Phase III is being proposed, discussions and public hearings would be held first.

Jenema added it has been discussed at the Parks & Trails meetings to utilizing the concrete building for the rental of non-motorized kayaks to help supplement the cost of maintenance for the park.

**Motion by Jenema to approve the 2019-2023 Acme Township Parks and Recreation Plan
Adoption Resolution #2019-01 with modifications as presented, supported by Aukerman. Roll
Call motion carried unanimously.**

K. NEW BUSINESS:

1. Acme Sewer Fees Potential Increase

Zollinger wanted the board to be aware he is looking into seeing if the current sewer fees are covering all the expenses needed for updates done by the township and developers as they put new construction in. The engineers have looked at ten years out and will project the expense and if revenues held are enough for updates to pump stations. He will get back to the board when there is accurate data.

2. Acme Connector Trail-Engineering Firm Selection Approval-Winter

Winter informed five bids were received for the design and construction engineering of the Acme Connector Trail. The bids were reviewed and scored by the Parks and Trails Committee and their conclusion was to use Beckett & Raeder because they came in under the \$45,000 budget, have had a close relationship for over ten years with the township and are familiar with the community.

Motion by Dye to approve the selection of Beckett & Raeder to perform the engineering of the Acme Connector Trail as prescribed in the request for proposal and presented in their submitted bid for a fee of \$40,620, based upon a percentage of the preliminary construction budget. Should the budget increase by a factor greater than 10%, Beckett & Raeder reserves the right to discuss additional contract fees, supported by Scott. Roll Call motion carried unanimously.

3. Resolution #2019-02 TBAISD, Resolution #2019-03 Elk Rapids, and Resolution #2019-04 TCAPS tax collection for school districts

Motion by Scott to approve Resolution #2019-02 TBAISD, Resolution #2019-03 Elk Rapids, and Resolution #2019-04 TCAPS tax collection for school district, supported by White. Motion carried unanimously.

L. OLD BUSINESS:

1. Discussion on a potential RFP for Auditing – Dye

Dye informed that Gabridge & Co. has been handling the township's auditing from 2014-2018, and for the five years prior 2009-2013, it was done by Dennis, Gartland & Niegarth. When she was in MTA training sessions, they recommended to use a different auditor every 3-5 year for the purpose of having another set of eyes looking at the records. The board discussed at the November meeting, to either use for 2019 another audit firm or continue using Gabridge & Co. with different representatives from their company. Dye was asked to contact some of the other local clerks to see who they used for their yearend audit. She received auditing firm names and costs from five different townships. The townships varied in size, so it was hard to do a cost comparison.

Jenema motioned to go with Gabridge & Co. for 2019 using different auditors and next year send out an RFP to other audit companies for consideration, supported by Scott. Roll Call motion carried unanimously.

2. Metro Fire Discussion- Nelson/Zollinger

Zollinger informed Garfield is having a meeting tonight with their board to discuss the topics from the December meeting.

Nelson reported there were concerns in having equal representation in decision-making on GT Metro's board. It was discussed when making decisions involving high-level spending or multi-year contracts to have an affirmative vote from each township to pass. He said they needed to define the leases and who will pay for their own capital improvement expenses at their respective fire stations.

Chief Patrick Parker said East Bay Township rejected the idea of changing GT Metro's articles of

DRAFT UNAPPROVED

incorporation, which would allow the voting system of the board to be restructured. They wanted to just change the procedures.

Scott suggested regarding funding issues it would be best to go with a percentage instead of putting a dollar amount on them.

Zollinger suggested they might consider a mediator to help work out funding formulas for future spending.

3. Bayside Playground Status

Zollinger noted because there was not enough money in the park's budget for the playground, funding received from grants, the community foundation and donations will cover most of the cost for equipment. The only costs not covered would be for preparing the site.

He requested to move money out of the general fund to finish the project and if additional donations are received it would be replaced.

Motion by Jenema to take from the contingency in the general fund \$10,000 to complete the project, supported by Scott. Roll Call motion carried unanimously.

H. PUBLIC HEARINGS:

1. SUP 2018-04 – Transfer of Development Rights, Engle Ridge Farm

Winter gave a summary of the SUP 2018-04 submitted by Sarah Kever on behalf of Ken and Janet Engle to consider a density transfer as part of the Engle's proposed planned development. The only change since the application was submitted in October 2018, is to transfer three dwelling units from sending parcel on Bates Road to receiving parcel located at Sayler Road where seven dwelling units already exist. This would bring the plan to ten-unit residential site development consisting of detached single-family homes sitting on approximately one acre lots. The Bates Road property would go into conservation and the balance of the Sayler Road with the potential of a winery, would also be placed in conservation. Winter provided a memo addressing some of the public comments and outstanding issues, as well as points for the Planning Commission to consider during their deliberation. John Iacoangeli, planning consultant with Beckett & Raeder, submitted a peer review of the request and a staff report. His comments along with Winter's considerations, have been incorporated into the updated staff report.

Ken Engle stated if he went through the process of marketing the property for a winery, the feedback from interested parties has been they prefer not to have development there. He is not sure, if part of the 38-acre parcel on Saylor Road, could be used as potential farm land. He questioned if it is marketable for a winery or does it need to be part of a larger operation. The alternative if lacking the ability to market it any other way, would be to use it for 5-acre parcels which would still put houses next to farming operations.

Public Hearing opened at 7:24 pm, with 13 attendees present

Joe Kunciat, 7905 Sayler Road, had concerns with the acreage of the parcel for the winery being in the zoning requirements. He is on the township zoning board of appeals and questioned if he would have to be recused from this issue even if he is a neighbor to the property.

Chuck Walters, 6584 Bates Road, said he thinks there could be legal problems with recusing people who are adjacent to the property, because it would have a direct effect on them.

John Russell, 8021 Bates Road, moved to this area because of the low density and felt this would open the door for more development and not preserve the existing farmland.

Brian Kelly felt with two planning commissioners and Rick Sayler not at this meeting it would be best to have the topic left open until everyone was present. He referred to past meetings where it had been decided agriculture properties would be protected from development. He is concerned with the wetlands on the property if developed and questions if the setbacks are enough for the carrying over of chemical orchard sprays.

Meg Russell, 8021 Bates Road, she thought the property was conservancy land when she moved to the area. She wanted to live in a tranquil setting and fears the development would change all of that.

Kris Mikowski, 7969 Bates Road, said her farm touches the Engle property on one corner. She thought their property was in farm conservancy when she purchased her land and would like to see it preserved.

The census after a discussion, was to move the public hearing to February to give those who did not attend the meeting a chance to speak their opinion and have all the commissioners present.

**Motion by Feringa to continue the Public Hearing at the February meeting, supported by Rosa.
Motion carried by 3 (Feringa, Wentzloff and Rosa), opposed by 1 (VanHouten), and White recused.**

Public Hearing closed at 7:40 pm to continue at the February meeting

I. OLD BUSINESS:

1. SUP 2018-04 – Transfer of Development Rights, Engle Ridge Farm

Winter stated the concern is the intent and purpose of the transfer component of the PD ordinance. He questioned if transferring from a sending zone to sending zone meets this. In this case both properties have conservation values. When you have a TDR program, the overall goal is to remove the development of the sending zone as a whole. This could set a precedence for future development rights.

Jocks stated when the ordinance was adopted by the Township Board on the recommendation of the planning commission to allow density transfer from a receiving zone to a receiving zone, or from a sending zone to a sending zone, the three standards listed on page 19.6 Density Transfer, 5. a, b & c. are to be considered. These standards have to be met before recommending to the township board.

Winter said looking at the staff report 19.6, 5. c., it states the density transfer is in accordance with the intent and purpose of this article. If you go back to the beginning of the PD ordinance and look at the intent and purpose, the first one gives the PD option to allow the township for approval of development which is consistent with the goals of the township master plan and the future land use map. He stated this could be a place to start to see if the descending to descending is consistent with this standard.

Commission will continue the deliberation at the February meeting.

2. Master Plan Update

Claire Karner of Beckett & Raeder reviewed with the planning commission possible changes to The future land use map. The map is instrumental in the zoning ordinance rewrite process and subsequent amendments. The map would show investment areas, and locations of future mixed-use developments for the next 15 to 20 years. Trust land should be considered when looking at future land uses for placement of growth and establishing a town center. Future land use could include the potential of changes for sidewalks, recreational areas and connections to businesses.

The Planning Commission will work on a future land map keeping in mind fragmented areas, industrial, commercial, recreational and housing development. Karner will bring edits of the land use map to the next board meeting for an action plan.

J. NEW BUSINESS: None

K. PUBLIC COMMENT & OTHER PC BUSINESS

Public comment open at 9:01 pm

Brian Kelly said in determining the TBR results about density, it gives less room for a buffer on the site. He feels this should be studied and have a more rigorous scoring system.

Public comment closed at 9:04 pm

6042 Acme Road | Williamsburg, MI | 49690

Phone: (231) 938-1350 Fax: (231) 938-1510 Web: www.acmetownship.org

From: Shawn Winter, Planning & Zoning Administrator
CC: Dan Kelly
Date: January 29, 2019
Re: Dan Kelly Planned Development Extension – PD 2016-01

Dan Kelly has submitted a written request to extend his approved planned development (PD) by one year. The Board unanimously approved (Jenema excused) his application, now formerly known as Koti, at its regular meeting on March 6, 2018. Regarding extensions, the Zoning Ordinance states under §19.7.4(f):

Within one year following execution of the PD contract by the Township Board, final plats or site plans for an area embraced within the PD must be filed as provided. If such plats or plans have not been filed within the one-year period, the right to develop under the approved plan shall be automatically terminated unless an extension is requested in writing by the applicant and authorized by the Township Board. The Township Board may authorize an extension of up to one (1) year.

The development agreement (PD contract) was executed on April 17, 2018. Mr. Kelly is submitting his request well in advance of the deadline, which is greatly appreciated by staff. By granting the request, Mr. Kelly's deadline to submit the required items noted above will be extended to April 17, 2020.

One of the main items Mr. Kelly has been working on is final approval by MDOT. Per the agency's request, Mr. Kelly has had a traffic impact study conducted by Progressive AE that recommends a right eastbound right turn taper along M-72. Phase I includes 50 of the 76 detached dwellings units that were approved. Before Phase II could begin, which includes the balance of the detached dwelling units along with mixed use commercial and multifamily units, an additional center turn lane, among other improvements, will need to be implemented. This recommendation coincides with the work the Tribe has proposed along the corridor as part of the Acme Creek Restoration Project. Supervisor Zollinger has spoken with the Tribe recently who stated they have come to an agreement with MDOT on their proposed project that could see construction begin as early as this fall with a spring 2020 completion date. This will allow Mr. Kelly to move forward with his final site plan engineering and approval.

Suggested Motion For Consideration:

Motion to extend the deadline to submit final site plans for Dan Kelly's Koti Planned Development, permit number PD 2016-01, with the Township by one year with a new deadline of April 17, 2020.

Dear Shawn,

I know that Nate Elkins has sent you the traffic study for KOTI. As you can see, MDOT will not allow us to complete our project unless M-72 is widened.

Please share this with all appropriate people and bring it up at each township meeting.
It is a major concern of mine for the total viability of the development and could stop it all together.

Please keep me posted on any further progress and correspondence.
