

## Updates for Springbrook SAD Property Owners

Acme Township has learned from GTC Road Commission that:

- Your project is one among several in the pipeline; we are making progress.
- Project was approved in Winter; survey process was completed in late Spring.
- Bidding for your SAD project was to be completed by July 15.
- A contract is ready to go if the bidding comes in within expected range.
- A GTCRC Board Meeting is scheduled later in July to determine next steps.
- Know the intent is to complete your SAD project this year.
- More updates will be posted here when we have information for you.
- As always, thank you for your patience as we move forward.

Doug White, Acme Twp Supervisor
